SOWNDHAR.D

BE - COMPUTER SCIENCE AND ENGINEERING

ABOUT ME

I am highly enthusiastic and results-driven professional with strong leadership. I possess exceptional time management skills that allow me to effectively prioritize and execute complex projects, consistently meeting deadlines. A genuine work enthusiasm drives my commitment to organizational goals, and I am a quick and adaptable learner, capable of rapidly mastering new technologies and processes to contribute immediate value to the team.

EDUCATION

Bachelor's Degree — BE CSE JKK Munirajah College of Technology, Erode CGPA — 7.56	2022 – 2026
State Board — 12th Chandra Higher Secondary School, Sethiyathope Percentage — 61%	2020 – 2022
State Board — SSLC Chandra Higher Secondary School, Sethiyathope Percentage — 60.6%	2019 – 2020

PROJECTS

- 1. Share Market Prediction App**
Python, Machine Learning, HTML, CSS, JavaScript
An AI-powered share market prediction application using machine learning algorithms to analyze historical stock data and predict future price trends. Implemented data visualization dashboards for real-time market insights. **Developed stock prediction model with 78% accuracy.**
- 2. Real-Time Glare Remover**
Python, OpenCV
Developed a real-time system to detect and reduce glare in CCTV camera footage using Python and OpenCV, improving image clarity for surveillance applications. **Reduced glare by 40% using OpenCV techniques.**
- 3. E-Commerce Website**
HTML, CSS, JavaScript
Built a fully functional e-commerce website with product listings, shopping cart, and responsive design using front-end web technologies.

CERTIFICATIONS

- Skill Intern Certificate for Web Developer
- Internship on 15 days for Web Development Certificate
- Attended a 2-day Workshop on Data Analytics
- Python Basic Internship for 7 days
