SKILLS

- Languages:** Python, JavaScript
- Web:** HTML, CSS
- ML:** Machine Learning, Data Analytics
- Tools:** Git, GitHub, OpenCV

EDUCATION

BE - Computer Science

JKK Munirajah College of Technology
2022 – 2026 | CGPA: 7.56

12th Grade (State Board)

Chandra Higher Sec. School
2020 – 2022 | 61%

10th Grade (State Board)

Chandra Higher Sec. School
2019 – 2020 | 65%

WORKSHOPS

- Data Analytics – 2-Day Practical Session

CERTIFICATIONS

- Python Programming – NPTEL
- Machine Learning – Coursera

PROFESSIONAL SUMMARY

Aspiring **AI Engineer**, **Python Developer**, and **Machine Learning Engineer** with a strong foundation in software development and data analytics. Adept at leveraging Python and ML algorithms to architect predictive AI models. Demonstrated ability to lead technical projects, build robust web platforms, and optimize computer vision systems. Seeking to utilize deep analytical skills and programming expertise to contribute to innovative tech teams.

PROJECTS

Share Market Prediction App

Jan 2024 – Present

Python, Machine Learning, HTML, CSS, JS

- Engineered an AI-powered stock prediction application utilizing Python-based Machine Learning algorithms.
- Developed stock prediction model with 78% accuracy** by analyzing historical market data trends.
- Integrated interactive web-based data visualization dashboards to assist users in tracking portfolios.

Real-Time Glare Remover System

Aug 2023 – Dec 2023

Python, OpenCV

- Developed a computer vision system to detect and reduce light glare in real-time CCTV footage.
- Reduced glare by 40% using OpenCV techniques**, improving image clarity and object recognition accuracy.

E-Commerce Web Platform

Feb 2023 – May 2023

HTML, CSS, JavaScript

- Built a fully responsive front-end e-commerce platform with dynamic product listings and shopping cart.

INTERNSHIP EXPERIENCE

Web Developer Intern

2023

Skill Intern – 15-Day Program

- Acquired hands-on experience in web development using HTML, CSS, and JavaScript.
- Developed and deployed responsive web interfaces focusing on UX and cross-device compatibility.

Python Developer Intern

2022

7-Day Foundational Training

- Gained practical knowledge in core Python programming, data structures, and algorithms.
- Participated in daily coding challenges to strengthen logic and problem-solving abilities.
